

50 Families...5 days!

Not So Extreme Makeover: Community Edition is a joint effort of Albuquerque area organizations to engage and partner with members of our community to help them improve their living environment and overcome

obstacles to meeting their own needs. It's an opportunity to share our abundance with a hurting world right in our own backyard.

On **March 24 – 29**, community agencies, public utilities, churches, business and supporting ministries will ambitiously attempt to complete “Not So Extreme” Makeovers on 50 Albuquerque residents who have great need.

On March 24-26, we will receive and sort donations of “stuff” at the Hoffmantown Church parking lot. March 27-29, “Go Teams” will use the donations to complete Not So Extreme Makeovers in locations around the city, including the area in which ABC’s Extreme Makeover: Home Edition recently completed its build. But this effort goes well beyond meeting just material needs, to medical, educational, transportation and other service needs.

Since our Feb 3 kickoff, over 400 people have joined the Not-So-Extreme Team. But we need you!

How can you participate?

- **Join us!** We need your skill, time, talent, energy and experience. Complete a Volunteer Info Form at www.NotSoExtreme.org and we’ll get in touch with you.

☞ If you want to lead, form or be on a Go Team, indicate that on your form.

- **Donate your stuff!** Fill out a Stuff Pledge Form online at www.NotSoExtreme.org Most of your questions about where, when and how are answered on that webpage.

☞ You can help by donating everything from couches and dryers to bicycles

Thank you for helping all of us help our neighbors.
